After a long day at the beach or the playground sandbox, who wants to track all that sand into your car -- or your house? Two moms who were sick of the sand developed Surfer's Secrets Sand Eliminator, a safe and effective way to get rid of the grit. The talc-free formula is all-natural, plant-derived, and biodegradable. And it's not just for sand; it works just as great on grass, sawdust, dirt, hair clippings, and more. Keep the smaller bottle in your purse, or tuck the large bottle in your glove compartment for no-whine clean-up.

**Price:** \$3.50 - \$7.00
